PROFILE

Motivated and dynamic Front-End Web Developer with a keen focus on creating visually appealing, responsive, and user-friendly web applications. Proficient in leveraging modern front-end technologies and frameworks, coupled with a strong understanding of back-end development practices. Adept at collaborating with cross-functional teams to deliver high-quality, innovative web solutions that exceed client expectations.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS, Vite

Back-End: Node.js, Express, MySQL, PostgreSQL

Tools & Platforms: Git, GitHub, VS Code, Trello

WORK EXPERIENCE

Full Stack Web Developer, Multi Render, Inc., Middletown, Delaware -Remote

February 2023 - Present

- Designed and developed responsive, Bootstrap-based, and tailwind-based websites for diverse clients.

- Implemented a React-based survey application, ensuring proper data handling through REST API integration.

- Collaborated with backend developers to deliver client-facing applications and streamline operations.

- Conducted comprehensive unit testing on complex front-end code to ensure functionality and performance.

- Developed a dynamic and interactive website using Bootstrap, resulting in a 25% increase in sales revenue.

PROJECTS

- Successfully implemented a survey application for an existing website of a private health center company.

- Collaborated with a team of backend developers, driving all client-facing applications.

- Ensured proper data receiving and posting to the database using REST API.

- Wrote Node modules to handle survey logic and performed comprehensive unit testing.

Personal Projects

- Built an Amazon clone app using React, with a fully functional e-commerce front-end and back-end.

- Developed a Netflix clone using React, an online video streaming service.

- Recreated Apple's current website using React, creating components for various pages and integrating the YouTube channel via REST API.

EDUCATION

Bachelor of Information Technology | St Mary University, Ethiopia

Association degree in Programming and Development, TRI-C Cleveland Ohio

Certificate in Full Stack Web Development: Evangadi Networks, Silver Spring.
